INTRODUCTION

Herewith is presented to patrons the 1922 edition of R. L. Polk & Co.'s Directory of the District of Columbia. It is the result of a careful enumeration of the citizens and business interests of the Ditrict and an assemblage of every item of data pertinent to it, all of which have had the advantage of efficient compilation by a corps of experienced men. The work has also had the benefit of the complete and efficient organization of the publishers whose imprint is a guarantee that the volume presents a modern, up-to-date and reliable Directory, fully measuring up to the standard attained in previous editions which have met the requirements of, and proven so satisfactory to, patrons and the public.

The several features of the Directory which have given such satisfaction to patrons in former issues have been retained, while several have been amplified and improved, as suggested by experience. The statistical review is especially noteworthy.

The Directory contains five essential departments as follows:

The MISCELLANEOUS DEPARTMENT, pages 13 to 57, include a variety of miscellaneous information such as the Federal and District Governments, with their various departments and bureas, Diplomatic Corps, Banks and Trust Companies, Building and Business Associations, Cemeteries, Churches, Congressional Directory, Courts, Dispensaries, Homes, Hospitals and Asylums, Labor Organizations, Libraries, Newspapers, Parks, Schools, Secret and Benevolent Societies and Organizations, etc.

The BUYERS' GUIDE. This features occupies pages 101 to 224. In the Guide will be found classified according to lines of business and professions attractive display advertisements and buiness cards of those engaged in various industries and professions. "The Directory is the Common Intermediary between Buyer and Seller." If those making use of the information contained in the Buyers' Guide would only state the source of their information every business man in the city would soon come to a realization of the importance of business or that of his company not only having proper representation in the Buyers' Guide, but also of being properly registered under all headings covering his lines of business in the Classified Business Directory.

The ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations is embraced in pages 227 to 1684.

The STREET GUIDE AND DIRECTORY OF HOUSEHOLDERS is included in pages 1685 to 2049.

The CLASSIFIED BUSINESS DIRECTORY is contained in pages 2051 to 2195.

The Index to Contents and Index to Advertisements will be found on pages 9 to 12.

WASHINGTON

THE CITY IN WHICH HAVE OCCURRED EVENTS THAT HAVE WON A FADELESS PLACE IN THE ANNALS OF THE WORLD

CHIEF POINTS OF CIVIC AND HISTORIC INTEREST

The National Capitol, the White House, the Treasury; State, Army and Navy Building; Patent Office, Pension Office, Agricultural Building, Post Office, Senate and House Buildings, Municipal Building, Pan-American Building, Bureau of Engraving and Printing, Library of Congress, New National Museum, Smithsonian Institution, Washington Monument, Scottish Rite Temple, Union Station, Corcoran Gallery of Art, Lincoln Memorial, Lincoln Museum, Army Medical Museum, War College, Navy Yard, Arsenal, Naval Observatory, Government Printing Office, Soldiers' Home, Memorial Continental Hall, Rock Creek Park, Zoological Park, Botanical Gardens, Connecticut Avenue Bridge, Cabin John Bridge, Great Falls of the Potomac, Chevy Chase and Columbia Country Clubs. Many statues and memorials are located in the numerous circles and parks throughout the city.

Across the Potomac river in Virginia are places of absorbing interest for tourists: Arlington, the site of the National Military Cemetery, the Memorial to America's Unknown Soldier; Arlington House, the home of General Robert E. Lee before the Civil War; Fort Meyer, with its cavalry school and garrison, and the famous Wireless Station, one of the most powerful in the world. Eight miles down the Potomac is Alexandria with Christ Church, where General George Washington worshipped, and fifteen miles below the city is Mount Vernon with Washington's Mansion and Tomb. These sacred places are visited by tourists from all parts of the world.

CIVIC, COMMERCIAL AND INDUSTRIAL STATISTICS CONCERNING WASHINGTON

Population

The total number of names in the present Directory is 190,144.

In this number is included no firm name, church, school, institution nor anything else which does not stand for the name of an individual. Using the multiple of 2½—to allow for the names of women and children not enumerated—we have 475,361 as the estimated population of the territory covered by the Directory at the time the enumeration was made.

Area 69.245 square miles (water 8 square miles), acreage 44.316.8; tidewater at the Potomac river with a 21-foot channel; assessed valuation of real estate $434,794,786; bonded debt, June 30, 1921, $1,166,626.98; tax rate, $1.95 per $100; personal tax levy, $4,078,849.18; miles of streets 1096; miles of paving 524.92; miles of electric street railway 203; miles of gas mains laid 782.

Banks and Trust Companies

The number of banks and trust companies in the District is 48, deposits in 1921 were $169,588,920.21, bank clearings in 1921 were $876,405,706, a decrease from 1920 of $20,704,138.12.

Building Statistics

The estimated value of building operations, including repairs, etc, during the year, exclusive of buildings under construction by the Federal Government, is $18,999,926, a decrease over the preceding year of $3,638,936.

The number of permits issued for all building construction work was 8,310, an increase of 785 over the fiscal year 1920. The total number of new buildings was 1,605, a decrease of 741. Of these, 1,124 were dwellings, a decrease of 352; 14 were apartments, a decrease of 12, and 819 business buildings, a decrease of 377.

Fire Protection

The fire department consists of 650 men, 38 station houses, 68 horses, 11 autos, 33 engines, 33 hose and chemical wagons, 15 extension ladder trucks; value of buildings and lots $921,239.62. The report of the chief engineer of the fire department shows that the total number of alarms received during the year was 1,774. The total fire loss was $919,982, covered by an insurance of $14,953,658. This loss is an increase of $490,104 over the loss of the preceding year.

Police Department

The department has 935 policemen, 59 crossing policemen, 68 civilians, total 1,062; stations 13. Total number of arrests in 1921 was 56,592, as against 48,930 in 1920. Of the number of arrests made in 1921, 60.16 per cent were white and 39.84 per cent were colored.

Of the total number of arrests made in 1921, 8,124 were for violation of the speed law, and 12,596 were for violating other regulations relative to traffic, a total of 20,720 traffic cases.

In spite of the tremendous increase in the use of motor vehicles in the District of Columbia during the fiscal year, Washington is, perhaps, the only of the large cities of the United States which succeeded in reducing traffic accidents. Deaths from traffic accidents during the fiscal year were reduced from 76 in 1919, 71 in 1920 to 65 in 1921.

Signal Systems — Fire Alarm Telegraph, Police Patrol Signals and Telephone Service

There were 714 fire alarm boxes in service at the end of the year, 613 on underground and 101 on overhead wires, a net increase of 19 over the preceding year; 858 box fire alarms and 916 local alarms were received during the year, of which 112 box and 33 local were false. Additional apparatus for fire alarm headquarters, under contract, had not been received at the end of the year.

There were 475 police patrol boxes in service at the end of the year, 378 on the underground and 97 on overhead wires, an increase of 11 over the preceding year.

There were 1,427 telephones connected to the District system at the end of the year, and 27 in use as portable sets by fire and electrical departments, an increase of 36 in the year.

The number of cells of storage battery in service on fire alarm, police patrol and local circuits remains unchanged at 2,174.

There were in service on the composite signal systems on June 30, 1921, 163.24 miles of underground cable, containing 6,392.38 miles of conductors and 156.61 miles of aerial conductors, a grand total of 6,549 miles of conductor, a net increase of 32.33 miles of conductor.

Health Department—Vital Statistics

The total number of deaths recorded during the calendar year was 6,057, as against 6,372 for the previous year. The death rate decreased from 13.99 to 13.34 for each 1000 of population. Of the total deaths, 3,978 were white and 2,079 colored, furnishing a rate of 11.64 and 18.50, respectively, for each 1000 population.

Insurance Statistics

There was paid in premiums in the District of Columbia for insurance of all kinds during 1920 $14,223,097.85; losses paid in the District by all companies and associations amounted to $4,733,545.11; the amount of insurance written during the year exclusive of casualty was $2,130,545,783.75.

The assets of all insurance companies and associations transacting business in the District of Columbia on December 31, 1920, amounted to $8,473,211,681.63; liabilities, $7,120,763,038.90; surplus, including capital, $1,352,475,642.73.

Licenses

The receipts from the license bureau for the fiscal year ended June 30, 1921, amounted to $442,350.17. This revenue was collected from the following sources: motor vehicle tags, $255,767.00; operators' permits, $40,960.00; miscellaneous licenses, $144,201.17; steam engineers, $156.00; duplicate tags, $1,266.00. During the same period for the previous year $402,151.10 was collected. This denotes an increase of $40,199.07.

Municipal Asphalt Plant

The District of Columbia has operated a portable municipal plant in the repair of asphalt pavements and macadam streets for the past 10 years. During the year 1921 the plant was operated for a period of 248 days, with a total output of 215,832 cubic feet of material, or an average of 870 cubic feet daily. This was an increase from the daily output for the fiscal year 1920 of over 500 cubic feet.

Parks and Parkways

Number of parks 439, number of acres 1,227.

The number of trees planted along the curbs in the streets of the District of Columbia at the close of the fiscal year 1920 was 105,399, an increase over the preceding year of 1,145. Net increase of curb trees during fiscal year 1921, 404. Total trees on streets, 105,803.

The Public Library

At the close of the year the total number of books in the library was 227,500. The library possesses about 50,000 mounted pictures. The total book circulation was about 900,000 volumes. The circulation work was carried on through 131 different agencies—the central library, the Takoma Park branch, 99 grammar schools, 7 high schools, 17 stations, 4 playgrounds and 3 miscellaneous agencies.

Schools

Public—White 101, colored 51; total 152. Teachers—White 1,442, colored 654; total 2,096. Pupils—White 45,775, colored 19,523; total 65,298. Value of property, $11,803,320. Parochial and Diocesan 30, miscellaneous 147.

Sewerage System

The construction and maintenance of the sewerage system and sewerage disposal of the District of Columbia is placed under a division in charge of the sanitary engineer, District of Columbia.

The length of main and pipe sewers constructed during the year was 7.57 miles. The total length of main and pipe sewers on June 30, 1921, was 753.88 miles, of which 150.84 miles are main sewers and 603.04 miles are pipe sewers. There was expended during the year on the sewage system the sum of $475,038.68, and on the sewage disposal system $51,377.25. The total cost of the sewerage system to June 30, 1921, was $15,101,797.68. The cost of the sewage disposal system to the same date was $5,970,-347.25, making a total cost of the complete system to June 30, 1921, $21,072,144.93.

Street Lighting

There are 20,342 street lamps of all kinds in the District of Columbia, of which 10,581 are mantle gas, 779 electric arc, 8,406 electric incadescent and 576 street designation lamps. This was a net increase of 350 lamps during the year.

Water Works

Capacity 70,000,000 gallons; daily average number of gallons consumed 61,506,830, value of plant about $18,500,000.

During the year 8.5 miles of water mains of various sizes were laid, making a total length of mains now in the service of 647.5 miles. The aggregate cost of the water distribution system to June 30, 1921, was $4,329,366.10. There were in service at the end of the year 3,649 fire hydrants, 232 public hydrants, 17 sanitary founatins, 157 horse fountains and 44 deep public wells.

Directory Library

Copies of the latest edition of Directories of the cities throughout the United States and Canada are on file in the Directory Library, maintained in the office of the publishers, 911 G Street N. W., where they are available for free reference by patrons and to the general public at a nominal expense. A cordial invitation is extended to all subscribers to make free use of this Library when information in regard to any individual, firm, corporation or institution located in some other city is desired. Copies of the District of Columbia Directory are placed in Directory Libraries of all the principal cities, where they serve to represent the city and its business interests.

A deposit of 20 cents, in payment for box key, is required from each renter of a box, which is refunded when the box is relinquished and the key returned

Suggestions to the Public

Address your mail to street and number
Mail early and frequently throughout the day
In case of delayed mail, forward envelope or wrapper covering it to the Postmaster
Write sender's name and address on all mail matter
Report to Postmaster any neglect of duty or misconduct on the part of employes
Return request cards are printed on stamped enveloped when purchased in quantities of 500 and greatly facilitate the identifying, return and delivery of mail matter

Parcel Post business is transacted at the main office and all stations
Postal Savings business may be transacted at the main office and at the principal stations
Money Order and Registry business may be transacted at all stations

CHRISTIAN SCIENCE READING ROOM, 601 Colorado bldg; librarian, Mrs Leona N Crabbe

LIBRARY OF CONGRESS

LIBRARY OF CONGRESS, 1st bet Capitol and B se

History—The Library of Congress was established by Section 5 of an act to make further provision for the removal and accommodation of the Government of the United States, approved April 24, 1800. This act granted $5,000 for the purchase of books and for the fitting up a room in the Capitol for the collection. In 1814 the collection was destroyed by the burning of the Capitol. In 1815 the Jefferson library of 6700 volumes was purchased from ex-President Jefferson as a basis for a new collection. A fire in 1851 destroyed 35,000 volumes out of a collection of 55,000, including two-thirds of the Jefferson library. By an appropriation of $10,000 in January and of $75,000 in March, for the purchase of books, the library was replenished. The collection was strengthened by the transfer of the Smithsonian library in 1867, consisting of about 40,000 volumes of transactions of learned and scientific societies. In 1897 the main collection was removed from the Capitol to the building erected for it under the acts of Congress approved April '5, 1886, Oct 2, 1888 and March 2, 1889, at a cost of $6,347,000 (limit by law, $6,500,000) exclusive of the land, which cost $585,000. The building was completed in February, 1897; opened to the public November, 1897. The building occupies 3¾ acres, upon a site 10 acres in extent, and is the largest library building in the world. In the decorations some 40 painters are represented—all American citizens. The book stacks contain a total of about 100 miles of shelving, with capacity for 3,540,000 octavo volumes of books and 84,000 volumes of newspapers

Organization—Prior to 1897 the library was administered by the Librarian of Congress under rules and regulations established by the Joint Committee on the Library. In 1897 the Committee stated that an act, approved June, 1867, provided that the Librarian of Congress should have complete and entire control of the library proper, including the copyright business; that he should prescribe rules and regulations under which his assistants were to be employed; and should have the custody and management of the library. Although executive in function, the library is under no executive department of the government; it is rather a dependent of the legislative. The librarian and superintendent of the building submit their annual estimates direct to Congress (where they are considered, not by the Library Committee, but by the Committee on Appropriations); the appropriations granted are controlled and expended direct by them; and they report direct to Congress. On the other hand the library, though still entitled the Library of Congress, is no longer solely nor chiefly a legislative library. In its general relations, character, scope and service it is the National Library of the United States

Divisions—There are seventeen divisions in the library proper, entitled as follows: Reading Room, Bibliography, Binding, Card, Catalogue, Classification, Documents, Mail and Delivery, Manuscripts, Maps and Charts, Music, Order, Periodical, Prints, Semitic, Smithsonian, Law Library. The printing office and bindery, though located in the library, are branches of the Government Printing Office and the employees are on the rolls of the Public Printer. The Legislative Reference Division, established in 1915, undertakes for Congress the service of research and compilation familiar in certain of the states. It does not, however, draft bills. It is provided for by a lump sum appropriation of $25,000 yearly

Hours—On week days (except legal holidays) the library building, main reading room, periodical reading room and law library are open from 9 a m to 10 p m; other parts of the library from 9 a m to 4:30 p m. On Sundays and certain legal holidays the building, main reading room, periodical reading room, division of prints, music division and maps division, are open from 2 to 10 p m, the librarian's office and the office of the chief clerk from 2 to 6 p m

Volumes—The collection is now the largest on the Western Hemisphere and the third in the world. It comprised at the end of the fiscal year (June 30, 1921) about 2,918,256 printed books and pamphlets (including the law library of 193,929 volumes, which, while a division of the Library of Congress, still remains at the Capitol), 170,005 maps and charts, 919,041 pieces of music, and 424,783 photographs, prints, engravings and lithographs

Among the special book collections are the Yudin, of Russian literature (80,000 volumes); the Schiff, of Judaica (about 20,000); the Weber, of India; the Huitfeld-Kaas (Scandinavian); the John Boyd Thacher, of Incunabula (930 titles). The Orientalia include some 5,000 volumes (fascicules) of Japanese books and about 40,000 volumes (facicules) of Chinese. The Division of Prints includes certain collections, given or lent, besides a large mass of material received by copyright and some by purchase. The manuscript collections are especially noteworthy for material on American history, some of the most disinguished of which have been received by transfer from the executive departments, the library being now regarded as the main custodian of the historical archive material in the possession af the government. It has the papers of nine presidents and of various American statesmen, Franklin, Morris, Hamilton, etc

The library is copying largely from dooument in foreign archive offices, and other institutions, of concern to American history. It has already a large body of transcripts from such sources. This policy of transcribing and copying, where necessary by facsimile, is applied also to maps and to music. Through it, the collection of music, in bulk one of the largest in the world, is especially strengthened in full scores of orchestral and operatic music

The library's sources of increase are: (1) copyright (two copies of articles registered being deposited and available for the library. A deliberate selection for this purose is made); (2) transfer from other government establishments; (3) international exchange with various governments, 100 sets of all Federal publications being at its disposal for this purpose; (4) exchanges with institutions; (5) exchanges by Smithsonian with other learned societies; (6) gift or bequest; (7) purchase

Circulation—Records of this are no longer published. They are kept in the reading room and other divisions; but as they represent only recorded use, while the more important use, by reason of direct access by investigators to the shelves, is unrecorded, these statistics were incomplete and publication of then was abandoned in 1905

Use—For reference the library is free and accessible without formality. It is under statutory provisions, a lending library for members of Congress and their families and other higher officials of the Government at Washington. Special permits, issued by the librarian, provide for investigators engaged in serious research, and inter-library loans for such investigators at a distance

Publications—The publications of the Library fall into five classes: (1) Annual reports of the librarian; (2) Bibliographies, consisting of exhaustive lists of works contained in the library, such as the list of books on the Philippine Islands, Biblioteca Filipina, etc; (3) Reference lists consisting of select lists on subjects of immediate interest—marine subsidies, reciprocity, trusts, Federal control of commerce, etc; (4) Catalogues of special collections belonging to the library; e g, Catalogue of the Gardiner Greene Hubbard collection of engravings, Catalogue of the John Boyd Thacher collection of Incunabula; (5) Calendars of, and reprints of special collections of manuscripts; e g, Calendar of the correspondence of George Washington, 4 volumes, Journals of the Continental Congress; (6) Reports and compendiums on library history and methods; catalogue rules, classification, schedules, etc. The bibliographical publications and administrative reports are distributed free to libraries and istitutions. Copies of most of the publications are on sale by the Superintendent of Documents, Government printing Office

Printed Catalogue Cards—The most important publication of the library is its printed catalogue cards. Fifty sets are deposited, without charge, in as many different institutions. Copies of the cards are also sold at cost to institutions and individuals. The institutions (chiefly libraries) buying cards number now over 3,000. The cards so brought are placed in their own catalogues. A purpose of the purchase is to save themselves the expense of cataloging certain books in their possession. The sale and distribution of cards is handled by the card division, for the service in which an annual appropriation is made (in 1922 $50,900). The cost of the service is more than offset by receipts of sales (in 1921 $88,565.09) which are covered into the Treasury

Copyright—The Copyright Office, though attached to the library and under general direction of the librarian, is in effect a distinct bureau. The appropriation for it (in 1922, $104,740) is more than offset by fees covered into the Treasury (in 1921, $134,516.15)

Library Staff—The library has 583 employees including in the library proper, 266; Copyright Office, 91; Legislative Reference, 22; department for the distribution of catalogue cards, 55; disbursement service and care of building and grounds, 149. In addition to these are 83 employees, 25 in the Branch Printing Office, and 68 in the Branch Bindery (employees of the Public Printer)

Income—The library is maintained by annual appropriations by Congress, for various purposes, including the purchase of books. For the year 1920-21, these amounted to $711,745 (not including allotment for printing and binding, $250,000) as follows: $580,745 for services and contingent expenses (including the Copyright Office, and including also the care of the building); $98,000 for books and periodicals; $16,000 for fuel, supplies and miscellaneous purposes; $12,000 for furniture and shelving; extension of the steel stack $5,000

Expenditures—Expenditures correspond to the appropriations

NAVAL RECORDS AND LIBRARY, supt, Chas W Stewart, 1211 Kenyon nw

The libraries of the Departments of the Government are accessible to the employees and to other executive departments. In addition, there are private circulating libraries, the aggregate number of volumes therin being over 1,100,000

PUBLIC LIBRARY OF THE DISTRICT OF COLUMBIA, Central building, Mt Vernon square, K bet 7th and 9th nw; librarian and treasurer, George F Bowerman, central library hours 9 a m to 9 p m for circulation, reading rooms open till 9 p m week days including holidays; Sundays, hours 3 p m to 9 p m; Takoma Park branch, 5th and Cedar sts; hours, 2 to 9 p m. This library was established by Congress in 1896 as a municipal library and adjunct of the public educational system of the District of Columbia. The first appropriation was made in June, 1898, and it was opened to the public Dec 16, 1898. It is a free circulating and reference library of 237,000 volumes of general literature, including books in the principal foreign languages. It has a general reading room, with reference books, current and bound sets of periodicals. It has special reading rooms with industrial literature and books for children. It also circulates books through social settlements, schools, playgrounds and home libraries. It has a collection of about 50,000 mounted pictures. Home circulation last fiscal year, 935,309 volumes and 72,100 mounted pictures

Nearly 700,000 persons visit its central building annually. Maintenance expenses last fiscal year, $156,919, of which Congress appropriated $140,385. Central building cost $375,000, the gift of Andrew Carnegie. Board of trustees; Pres, Theodore W Noyes; vice-pres, Wendell P Stafford; sec, John B Larner; other trustees, Charles J Bell, Daniel A Edwards, Mrs Marie M Gasch, Benjamin W Guy, Mrs Lyman B Swormstedt, Ernest L Thurston

AMERICAN PEACE SOCIETY, 612-14 Colorado bldg; pres, Hon Andrew J Montague; treas, George W White; sec, Arthur D Call

ARMY AND NAVY UNION OF THE U S A; originally the Regular Army and Navy Union, U S A; organized in the interest of members and ex-members of the Army, Navy, Marine Corps and Revenue Cutter Service of the United States; incorporated under the laws of the state of Ohio, March 31, 1888, with J W John, C G Boyle, D Erwin and T Schlepp as incorporators. Under its charter the Army and Navy Union has become the broadest and most liberal military naval organization. It cares for its sick, buries its dead, provides a death benefit, extends a helping hand, pecuniary and otherwise, as may be necessary; aims to elevate the social and material standing of enlisted men; encourages and abets legislation in their behalf, and as the logical successor of the Grand Army of the Republic keeps green the graves and aims to perpetuate the memory of those who consecrated our nation's soil with their blood during the dark days of '61 and '65. Its charter is perpetual. Its ranks are being recruited continually by younger veterans who are eligible to membership because of service, regardless of time or place. Its membership, numbering thousands—comrades in a common cause, strengthened by those undying friendships formed while in the service of their country—is the fundamental principle of its power and influence. National headquarters, Philadelphia, Pa; H Oden Lake, national commander; E P Dunlap, adjutant general. Department District of Columbia, department commander, R C Galbraith. D D Porter Garrison No 6; meets every 1st and 3d Monday, 304 B se. General Arthur MacArthur Garrison No 74; meets every 1st and 3d Friday at G A R Hall, 1414 Pa av nw. THE GRAND ARMY OF THE REPUBLIC is an organization composed of honorably discharged soldiers and sailors who served in the United States Army or Navy during the War of the Rebellion; its objects are to aid with its charity the maimed and helpless soldier and the dependent families of the fallen; to secure employment for those surviving who have vainly sought for it themselves, and whose tattered uniforms seem an evidence of demerit in the eyes of many who have dared to clothe themselves with it and its dangerous responsibilities; whatever secrecy there is about this organization is only such as surrounds the most benign and powerful civil orders of the day as a necessity for their perfection and strength and to better secure their objects

The United Spanish War Veterans

This organization is composed of officers and enlisted men who served at any time during the war between the United States of America and the Kingdom of Spain, or at any time during the war for the suppression of the insurrection in the Philippine Islands, or in the China Relief Expedition, and who either have been honorably discharged from the service or still continue in the same. It includes all such who served between April 21, 1898, to July 4, 1902

The organization is semi-military and is founded upon the principle of freedom, patriotism and humanity. Its purposes are to aid and comfort those of them and their dependents in times of distress; to foster by all legitimate means the welfare of each other; to promote devotion to country and to flag; to promote and encourage purity in public affairs and to encourage and foster the spirit of true patriotism in the rising generation. Headquarters of the United Spanish War Veterans, 410 City-County bldg, Seattle, Wash; commander-in-chief, John K Witherspoon, Seattle, Wash; senior vice commander-in-chief, Charles P Heinemann, Norfolk; junior vice commander-in-chief, T Rosser Romer, St Louis, Mo; adjutant genl, T J L Kennedy, Seattle, Wash; quartermaster genl, Thomas K Cunningham, Seattle, Wash; asst quartermaster genl, James J Murphy, Southern bldg, Washington, D C

CHILDREN'S VEHICLES

SPAULDING'S

SKI-KAR

Ski-Kar

"King of the Speedway"

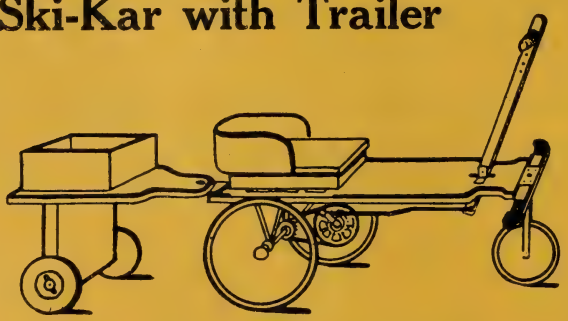
Dimensions

32-in. long, 11-in. wide, 14-in. high

Features and Equipment:

Direct chain drive through rear axle controlled by ratchet, assuring maximum power with minimum effort. Start can be made from any position of handle.

Steering device permits the car turning within almost its own length.



Will coast down hill speedily, while the handle remains stationary.

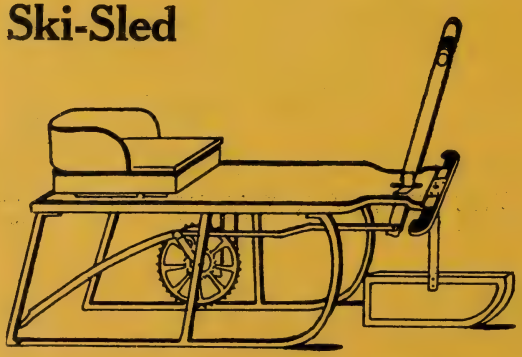
Has good size wire wheels, equipped with solid-rubber tires.

Sturdily built, positive in action, safe and easy to operate; both seat and handle are adjustable to suit operator.

A fast hill climber and a comfortable rider.

Ski-Kar with Trailer

"Some Kar"



Here we have a practical Trailer that can be attached instantly with two simple bolts, making it a practical Kar to carry an additional passenger—and Oh! how the kids do love to carry their pals!

The trailer seat has a front partition, which makes it readily accessible as a seat, or it may be converted into a box of practical size to carry parcels. A most useful vehicle equipped for the child's errands to a neighboring grocer or tradesman.

The Trailer is furnished with two 10-in. wire wheels with solid rubber tires, and rides lightly and smoothly.

"Hi, ho, let's go," says the kid.

Ski-Sled

"Swift as the Winds"

The Spaulding Ski-Sled is automatically operated by a "kicker," attached direct to the transmission gear, which makes its action positive and safe.

The movement of the Ski-Sled is controlled by the operator the same as in the Ski-Kar.

A Ski-Runner is attached to the steering bar and the operator controls with his feet, the movements of the Ski-Sled, the same as he does with the Ski-Kar.

A Speedy challenger on snow and ice with a safe steering device.

Adjustable handle bar and seat to suit all size children.

See that "kicker," it does the work. Can't slip; picks and pulls like the human leg. Pulls hills with lots of pep—coasts like a fairy in the air.

HOTELS

The Ideal Place to Live in Washington

ARLINGTON HOTEL

Vermont Avenue Above K

EXCLUSIVE—RESIDENTIAL—IN HEART OF CITY

This house particularly appeals to permanent and transient guests desiring a central location, yet removed from the noise and turmoil of the main thoroughfares.

It provides all the luxuries and conveniences of the most advanced and completely equipped hotel, combined with the delightful comforts of the most refined private homes.

Ladies visiting Washington receive every courtesy and attention.

TYPEWRITING MACHINES

IN THE HOME

THE UNDERWOOD STANDARD PORTABLE TYPEWRITER is essentially the machine for the family. Is light in weight and compact in construction. All can use it to advantage. Father may type some report which escaped his attention at the office; mother may organize the direction of the household, while the children may apply it to making their studies lighter and their school reports much more legible.

When any member of the family travels it can be made a part of the traveling equipment, so that the dreaded "writing a letter by hand" need no longer be a bugbear..... **$50**

Investigate the merits of the Underwood Standard Portable Typewriter.
